### **FAIRTRADE AND CLIMATE CHANGE**

**Saturday, 27th February, 2021 at 1pm**

Stefan Donnelly from the Campaigns Team at the Fairtrade Foundation will highlight the growing challenges that climate change brings to farmers and workers in the communities Fairtrade works with. The facts are straightforward. Farmers and workers in countries such as Kenya, Ethiopia and Honduras, who have done the least to contribute to climate change, are disproportionately affected by it.

The COVID-19 pandemic has shown us more than ever how interconnected we are globally. This interconnection is at the very heart of the Fairtrade message, bringing people of all faiths, and none, together. Adam Gardner, Head of Campaigns at the Fairtrade Foundation, will talk about the challenges currently faced by farmers and workers in the global south – the 'key workers beyond our borders' and what we can do.
